### New Gains Made By Americans On Attu U. S. Forces Win Foothold On Vital Ridge At Chichagof

Washington, May 27—(AP)—American forces supported by a naval bombardment and attacking army bombers and fighters have won a foothold on a ridge south of enemy-held Chichagof harbor, after two days of hard fighting, the navy reported today.

Despite the ferocity of the fighting on Attu, Secretary of War Stimson reported today, the American casualties have been relatively light, with preliminary reports indicating the army has lost 127 killed, 399 wounded and 118 missing.

From the communique and the war secretary's discussion of the situation, it appeared that the main enemy position is that at the head of Chichagof harbor, which is being heavily pounded by sea, air and ground troops.

However, the communique brought out, although Stimson did not develop it, the fact that the Japanese also still have a force in the area north of Lake Nicholas which lies south of Chichagof harbor and about three miles away. The two enemy positions were obviously isolated from each other.

So far there has been no report of any heavy American action against the force in the area south of Lake Nicholas, which is north of Lake Cories.

The attacks on the ridge dominating the area around the head of Chichagof harbor began on Monday, yesterday's communique revealed. The action was carried out by combined units from both the northern and southern forces in the island and authorities here believe that once the high ground is taken the Japanese position would entirely collapse.

**U. S. Bombers Score Record Bag For Day**  
U. S. Eighth Air Force Headquarters England, May 27—(P)—British-based United States heavy bombers established a record for a single day's bag by destroying 74 German planes May 21 during the unescorted raids on submarine construction yards at Emden and Wilhelmshaven, it was announced today.

Twelve bombers were lost in this joint action.

The record bag of enemy craft brought the total to 297 destroyed in eight raids which embraced 16 targets during May.

The previous high for a single day was 64 shot down during the four-day attack on Kiel, Antwerp, Courmayeur, France, and Velsen, Holland, May 14 by medium and heavy bombers. Eleven heavy bombers were lost on those raids.

With four days remaining in May the bombers, out in greater strength than ever before, already have dropped a greater weight of bombs on Nazi targets in Europe than they had in any entire month since the first United States raid was made from Britain August 17, 1942.

**Upsurge of Fighting on Soviet Front**

London, May 27—(P)—Reuters quoted a German news agency dispatch broadcast by the Berlin radio tonight as saying that German troops, yielding before a Soviet offensive, had evacuated a strip of the Kuban bridgehead several miles wide and a mile and a half deep.

Both Russian and German reports had indicated a violent upsurge in the land and air battle for the Kuban river zone held by the Germans from Novorossisk northward to Temryuk, on the Azov sea.

The Russians announced in their midnight communique that they had smashed back two counter-attacking German battalions totaling about 1,600 men, and a special broadcast from Moscow later reported 67 German planes shot down in the area northeast of Novorossisk, with a loss of 20 Soviet planes.

A DNB dispatch broadcast from Berlin later declared, however, that 63 Russian planes were shot down yesterday against the loss of five German aircraft.

The German radio asserted 400 Russians had been killed and 600 captured in fighting near Temryuk, but acknowledged that the Russians had regrouped their forces and that heavier fighting was in prospect.

**Evacuees Are Returning In Flooded Area**

By the Associated Press  
Farm families in many parts of the six-state midwest flood zone, evacuated after rising waters from scores of rivers threatened their lives, were returning to their water-damaged homes and inundated lands today to begin to reshape their summer program of food production.

The evacuees in many of the flooded areas returned as the danger of further rising waters passed, but thousands of others remained in refugee shelters, mostly in southern Illinois and eastern Missouri. More than 160,000 persons were driven from their homes by the floods.

Other thousands in communities along the Mississippi and Illinois rivers still were plagued by the disorderly conduct of the two surging streams. The situation in many river towns, although somewhat improved, remained critical, said army engineers.

### Food Parley Is Cautioned By Australia

Delegates Insist Each Country Should Use Own Initiative in Matter

RUSSIA TAKES A STAND

BY OVID A. MARTIN  
Hot Springs, Va., May 27—(P)—A blunt declaration that nations do something about their food problems at home before expecting help from any international agency put a fresh slant today on discussions of a bettered postwar world by delegates to the United Nations' food conference.

This fundamental point was raised by Australia in a statement cautioning the parley that each country should use its own initiative to raise its economic standards.

It followed appeals from many other delegations urging the creation of a strong world authority with powers and responsibilities to meet the future task of freeing all peoples from wants.

Russia announced it supported, in principle, a proposal of the United States that the parley authorize the establishment of an interim commission to draft plans for an international agricultural agency, and the Soviet action was warmly received by conference officials.

Taking a viewpoint somewhat opposite that of Australia, Brazil's delegation urged that highly industrialized nations provide less fortunate countries with equipment and machinery as well as direct technical aid.

### DISPUTE OVER TAX PROPOSAL IS UNSETTLED

Conferees Disagree As to Details of What They Had Decided Upon At Previous Meetings

NEW SESSION CALLED

BY FRANCIS M. LE MAY  
Washington, May 27—(P)—The senate-house pay-as-you-go conferees disagreed today as to details of what they had agreed upon, and a special session was called to determine whether some 25,000,000 taxpayers would get a \$50 deduction from a year's tax bill in addition to a 75 per cent abatement.

When the conferees announced a compromise agreement Tuesday, a spokesman said the measure provided cancellation of a whole year's personal income tax liability for taxpayers owing \$50 or less and 75 per cent abatement for all others.

Later, however, some conference members said they understood the compromise stipulated not only (Turn to Page Eleven)

**Father Finds Tots Drowned In Bathtub**

Pittsburgh, May 27—(P)—A 27-year-old mother who drowned her two young children in a bathtub, placed the bodies in their cribs and then attempted to kill herself with gas, will be given a sanity examination, Detective Inspector Walter C. Monaghan said today.

The mother, Mrs. Raymond Gump, had suffered from a nervous disorder since the birth of her youngest daughter, four-month-old Catherine Elaine, the inspector reported.

Catherine and Sandra Rae, 2, were found dead by their father, a gas company service man, when he returned home from work late yesterday. The couple's only other child, Beverly, was killed in a fall at Greensburg, where they formerly lived, four years ago.

Monaghan said that when Gump arrived his wife called to him: "My God, Ray I've killed the children."

The living room was filled with gas from a stove, but Mrs. Gump was not yet affected by the fumes. Dressed in their night gowns and neatly tucked in their cribs as though asleep were the dead children.

### Gas Famine To Last Weeks, Davies States

Washington, May 27—(P)—No letup in the east's oil and gasoline famine for "weeks" at least was seen today by Ralph K. Davies, acting petroleum administrator.

Only extremely good results from the ban on pleasure driving, restrictions on commercial traffic and resumption of normal conditions in the flood-bound midwest will "improve the prospect," Davies said.

Stocks of gasoline and other petroleum products for civilian use have fallen to a little more than one-fourth of normal.

The floods, snapping a big pipe line and disrupting rail traffic, only hastened "a crisis which was bound to occur anyhow in view of a continued use of motor gasoline" at an excessive rate, Davies asserted.

**WARNING OF JAP INVASION TRY IS ISSUED**

Testimony Comes From Man Who Gave Advance Prediction of Pearl Harbor Attack

DETAILS ARE OUTLINED

By the Associated Press  
Washington, May 27—Testimony that Japan would seek a separate peace with China and attack the United States this summer was referred to the high command today by Chairman Dickstein (D-N.Y.) of the house immigration committee.

The testimony came from the same man who gave Dickstein's committee two months' advance warning of Japanese plans to attack Pearl Harbor. Kiso K. Haan, Washington representative of the Korean National Front Federation and Sino-Korean People's League.

"If only 50 percent of what Haan told us yesterday is true," Dickstein declared, "this government should heed his warning."

The New Yorker said Haan had submitted to his committee in October 1941 detailed maps and documents showing the Japanese plan of attack in the Pacific. But, he added, persons close to the Hawaiian government at the time had accused Haan of being a "rabble-rouser" and of "trying to create trouble" in Hawaii.

Haan's information so far, Dickstein said, has been "fairly accurate" and has been reported to the proper officials.

Haan told the committee yesterday that Premier Tojo disclosed during a party at his Tokyo residence last month that Rear Admiral Katsuro Miyazaki had been chosen to command an invading naval force against the United States and that Gen. Shunroku Hata was to head a landing expedition.

Haan said Gen. Jiro Minami was reported to have told the Japanese privy council last December that Japan would be ready to strike this country between June and October 1943.

Gist of speculative talks in Japan, Haan said in a prepared statement, was that Miyazaki would have at his disposal 60 percent of the imperial navy in the planned attack, that General Hata would have more than 100,000 picked troops from the Kwangtung army, and that submarine and air strength would play the most important part in the attack.

### CIO UNIONISTS END STRIKES IN THREE PLANTS

Employees Straggle Back to Work Throughout Morning at Goodyear and Firestone

50 PERCENT ON THE JOB

Akron, O., May 27—(AP)—CIO unionists ended strikes at three major Akron rubber companies today, complying with the noon deadline set in a presidential ultimatum concerning a five-day production stoppage that threw more than 50,000 into idleness.

A small shift returned to war jobs at the B. F. Goodrich Co. just as the deadline approached, after United Rubber Workers unionists there decided to observe the commander-in-chief's order.

The back-to-work movement started earlier at the Goodyear Tire and Rubber Co. and the Firestone Tire and Rubber Co. Employees straggled into the plants throughout the morning and six hours after the first men reported on the 6 a. m. shift, Firestone guards estimated 50 per cent of the force was on the job.

A company spokesman who declined use of his name said about 2,000 reported at the beginning of the first shift at Goodyear and others straggled into the plants for several hours. General Tire & Rubber Co. reported a full working force on the job.

Only a few employees entered the Goodrich gates until after 10 a. m. meeting of the company's day shift workers. George H. Bass, president of the Goodrich Local, announced the men decided to resume production at once. The meeting also approved a June 16 deadline for reconsideration by the War Labor Board of a wage decision that touched off the stoppage.

Union leaders said they expected full shifts to report at 2 p. m. at all four plants.

The president, acting as commander-in-chief of the army and navy, termed the work stoppage a "flagrant violation of the no-strike pledge" and asserted: "If this strike is not ended by 12 o'clock noon, Thursday, May 27, your government will take necessary steps to protect the interests of the nation xxx."

Walkouts started spontaneously, union leaders declared—with news last Saturday that the National War Labor Board had reduced to three cents an hour its panel's recommendation of an eight-cent wage increase. Production (Turn to Page Eleven)

**Night Court Hears Cases Against Ban**

Pittsburgh, May 27—(P)—A "night court" for alleged violators of the pleasure driving ban—said to be the only one of its kind in the nation—was opened by the Office of Price Administration here last night to speed disposition of charges against motorists.

The court makes it possible for motorists cited by officers as violators of the ban to have immediate hearings, rather than wait for hearings before their local ration boards, Alvin J. Williams, district OPA administrator, said. However, the drivers may, if they wish, wait for hearings before their ration boards, he pointed out.

OPA inspectors and local police charged 76 motorists with violations of the pleasure driving ban over the weekend in the Pittsburgh area.

**Final Plans For Memorial Day Will Be Completed Tonight**

Members of the committee in charge of the Memorial Day Parade will hold a final meeting this evening at 7:30 at the V. F. W. Club room on Pennsylvania Ave. Ben Kincaid, who represents the V. F. W., Spanish War Veterans and American Legion, all of whom are present, will check on final plans for the day's activities.

It was learned this morning that Col. P. J. Stevenson will not be able to act in the capacity of marshal of the parade since he has been transferred from Buffalo to another center and will not be in Warren over the weekend. K. W. Davis, of Chief Complanter Post No. 135, American Legion will serve as marshal. Assisting him will be Ralph Brasington as chief of staff and S. M. McClure as liaison officer.

The parade on Monday will be composed of three divisions and will form on Fourth avenue at Market street and march to Oakland cemetery where exercises will be held at the speaker's stand and later at the G. A. R. Circle. The principal address will be given by Rev. H. A. Rinard. In case of rain, which would cause cancellation of the parade, the exercises will be held in the Court House at 10 a. m. Monday. Members of the V. F. W., assisted by Spanish War Veterans, will be in charge of these services.

Plans have also been completed for the Sunday evening Community Memorial Service which will be held on the lawn of the American Legion Home at 7:00 p. m. Rev. Father Alfred Bauer will be the principal speaker at these exercises.

## Warren Boys Appreciate Rifle School

If you are soon to be inducted, regardless of what branch of service you may be assigned, the rifle training course will be of some value to you, as the following excerpts from a letter received by Paul Yagge, from one of the boys now in the navy, says: "What's new in Warren. You might think my gun training never will help me in the navy, but here's what I am doing for the rest of my boot training, teaching new recruits the nomenclature of a rifle, position of shooting, and true zero, not too bad, eh. Thanks a million for your excellent instruction."

Also an excerpt from one of the boys assigned to a coast artillery unit, who says "Your training will help very greatly when you enter the service, I'm not kidding about this, I think every future service man should take advantage of it. It eases the confusion of having range procedure thrown at you and your score is bound to be better. The first time on the range, we used .22 caliber—the next time, we fired .30 caliber Enfields—the third time, we fired the .30 caliber carbine which we use as side arms, and is the sweetest weapon, G. I. ever created—so you see my NRA training has aided greatly."

Other letters have been received from inductees, attached to the infantry and anti-aircraft units, as well as the air corps, and marine corps, where accuracy is stressed, and this training taught at the Warren Small Arms Firing School, helps greatly.

## Summer Camp Called Off By Girl Reserves

The local YWCA finds it impossible by reason of the gasoline restrictions to maintain its organized summer camp at Newtash this year, but will make the best of its opportunity for service to the Girl Reserves at something new in a "Stay-At-Home-Day-Camp" at the activities building.

From Monday, June 14, to Wednesday, June 24, with its school girls' program, it will work through something new in a Stay-At-Home-Day-Camp, during which time all adult groups will be asked to cooperate by cancelling any previously scheduled meeting which will in any way or at any time interfere with the younger girls.

Since it seems to be the patriotic duty of these 75 or more girls to substitute a Stay-At-Home-Day-Camp for months of saving and planning for the camp at Newtash, then surely the adult groups of Warren will deem it a patriotic duty not to ask for any meetings at the YWCA activities building during the camp period that will in any way interfere with the younger girls' program during these few days, June 14 to the 24.

Councillors will be assigned for the various interest groups in nature study, newspaper, archery, badminton, worship service, dramatics, handicraft and other interests.

All Girl Reserves and their friends are asked to come to the YWCA for further information on the war time camp.

## Prevention Of Accidents Big Objective

Addressing Kiwanis Club members at their weekly luncheon meeting at the Carver Hotel on Wednesday, J. Roy Zoeller, field representative of the first aid, water safety and accident prevention service of the American Red Cross, laid particular stress on the importance of preventing accidents as opposed to that training which is only with handling accidents after they have occurred.

He urged that his listeners learn these four things: To recognize accident hazards; to eliminate them; to safeguard against such hazards and to avoid creation of hazards.

President Henry Ledebur announced sergeants for June would be John Cleiman and H. T. Flowers and that Peter E. Nelson would be chairman for the following nominating committee: R. L. Kimbrell and Judge Allison D. Wade.

Everett Stoke, local photographer, entertained fellow members with a movie, "Cavalcade of Color," assembled by the Eastman Kodak Company and projected by Dick Lightner.

The day's guests were Dayton S. Wilkins and Irving Feetsell, both of Jamestown, N. Y.

### HIGH SCHOOL CLASS EVENTS

Tuesday evening the graduating class of the Youngsville high school held its class party in the gymnasium. Games, dancing and refreshments were features of the evening. Each guest was presented a program on which was written something personal as to characteristics, past history or a prophecy of future events. Each of the class came forward and received their program, reading aloud the personal item written upon it. This gave to the evening a touch of the former Class Night, when history, prophecies and gifts were on the program.

The Tuesday evening was the annual Alumni Night, with refreshments because of present conditions changed from a banquet to a luncheon.

### DANCING FEATURED

This Wednesday evening the Class will graduate with Dr. Champlin of State College the speaker and other program features. With seventy in the class and the commencement held in the high school auditorium, admission is by ticket.

### POPPY SALE

### INTERESTING EXHIBIT

In one of the Liberty street windows of the Warren National Bank this week there is an interesting exhibit of the products of machine tool operation from the classes which are being conducted in the South Street building. These are excellent examples of the practice work by which both men and women are trained for work in war plants.

Although the teaching and practice work has been going on at the South Street school for many months it is still news to many people that the local school is equipped with a shop in the South Street school building having lathes, drill presses, milling machines, and shapers to provide the necessary training.

It is announced by school officials that there are increasing opportunities for employment of women and that classes are held each day from 9:30 a. m. to 5:30 p. m. and from 5:30 p. m. to 1:30 a. m., with the latter period divided into two sections of four hours each.

### SHOPPING AROUND

Warren people have done more "shopping around" this spring than in a generation. This is true especially of vegetable gardeners. Garden tools have been none too plentiful and recruits to gardening ranks have created a demand that has kept constantly in advance of the available supply.

According to reports the same situation holds true in most sections of the country. One reason this "shopping around" has been necessary is that many stores have been unable to obtain garden tools in lots larger than three of a kind. It has been the case of the first shopper getting the hoe. Gardening tools offered for sale at country auctions have brought higher prices than they were sold for when new. Many gardeners, unable to obtain new implements, have been compelled to borrow them from neighbors.

News that a certain store in a certain city has a supply of garden hose, for instance, has broken speed records circulating in the rural regions. Neighbors going to town are invariably requested to buy this or that. Rural folk especially are accommodating under the present circumstances.

The garden tool situation has done much to revive this old custom of shopping for the neighbors when going to town. The effect of all this will be beneficial to neighborly relations in the less congested regions. Neighborliness, when there aren't many neighbors, is more precious than gold.

### COURTESY NOT RATIONED

(Philadelphia Inquirer)

Has rationing brought out the worst in you? If so, you'd better ration your words.

At the grocery store, do you crab because you haven't enough points for a can of peaches? Don't pick on the grocer—he didn't set the ration price.

At the meat market, do you gripe because the butcher doesn't have a big thick steak for you? Take it easy—he'd like to have peace and more meat to sell, too.

How about shoes? Maybe you were used to a dozen pairs a year. So were lots of other people! And they don't care to hear you guff that you just can't get along on three. Take your last year's dozen and have them repaired.

Are you bragging to your friends about the clothes you've hoarded? Don't do it, lady. You'll be out of style when you start to wear them.

High praise for excellent cooperation in an emergency was given last evening to the girls at the Bell Telephone Co., as well as the Fire and Police departments in an emergency resulting from discovery of the death of a child in an apartment in the east side. Members of the family and friends conversant with the circumstances unite in extending sincere appreciation for rapid and whole-hearted assistance from all three groups.

An unusual sight on the streets of the borough last evening was the appearance of scores of attractive girls of high school age wearing evening gowns accompanied by escorts walking to and from the dancing party held at Batty school. It was an impressive demonstration of Young American observing the pleasure driving ban.

Considering the way everything else is in a turmoil it isn't surprising that the Old Allegheny finds it difficult to go down to normal.

In return for Goebbels calling attention to the United Nations to the danger lurking in Japan, it's only fair we call his attention to the danger lurking in Germany.

## Washington in Wartime

By JACK STINNETT

WASHINGTON—Old-timers on Capitol Hill can't recall when any proposal has caused so much stir in this country and so much abroad as the pending measures to repeal the laws excluding Chinese immigrants.

Diplomats in Washington are watching the progress of these bills like hawks. They could have a profound effect on relations between the "Big Four" of the United Nations right now, and even more far-reaching repercussions on postwar planning.

It's a cinch, too, that Axis propagandists are watching. Yet the pending legislation has received only perfunctory notice in this country.

HERE'S why the measures are so important, according to thoughtful observers of international relations.

Right now, relations with China can best be described as "touchy." Generalissimo Chiang Kai-shek has done a herculean job of holding the exclusion elements in line, and keeping China steadfastly in the United Nations ranks.

It is known, however, that a defeatist block in Chungking has been exerting pressure to make a "reasonable" deal with Japan.

Japanese propagandists have been fostering this movement with every available means. Not the least effective of their arguments is the comparative trickle of supplies which has reached China from her Allies since the Burma road was closed.

The failure of the British offensive in Burma has also been utilized by the Japanese. They

constantly harp on the thesis that China has been virtually abandoned by her Allies, and is the "orphan" of the United Nations. The action of the U. S. and Britain in renouncing extra-territorial privileges in China helped to counteract such propaganda and gave China some measure of recognition. One remaining barrier to amity and understanding between China and the U. S. is the exclusion law, in effect since 1882. By inference, it says the Chinese are less desirable than immigrants from other nations.

NEUTRAL diplomats say defeat of the bills would give the Axis material for a propaganda field day. They have already made effective use of the racial issue. Japan won Burma by harping on the inferior status of the Chinese and recruited a fifth column that materially contributed to the loss of that vital area.

It is pointed out that Chiang's task in keeping up morale in China wouldn't be easier if the ally with closest friendly ties persists in holding the Chinese inferiorly inferior. Old China hands now in Washington say the loss of face would impose a serious strain on Chinese-American relations.

So far, a few anti-repeal statements have crept into the Congressional Record, but proponents of the exclusion repeal measures hope these represent only a handful of Americans, mistakenly fearful of Chinese labor competition.

Actually, only 105 Chinese could enter the country annually under the quota system, if the exclusion law were repealed.

## YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1923

Thirty-nine years ago John Oberg ran away from home and the postmaster has just received a letter from him inquiring as to his relatives and stating that he would soon be back in Warren. No reason was given for his running away but he has evidently had a change of heart.

The Warren Choral Society will meet Monday night in the hall of the Conservatory of Music. Officers will be elected and other important matters will be taken up.

The heavy rains of the past two or three days have turned many of the country roads into quagmires and has made travel most difficult.

The first excursion over the Pennsylvanian will be run tomorrow to Erie and it is expected that several hundred will make the trip.

Frank Hamm employed at the Marker Bakery is confined to his home with burns sustained when a gas filled oven at the bakery let go. The burns are deep and painful.

In 1933

Led by the High School band over 600 students and friends of the Youngsville Schools marched to the cemetery to lay wreaths on the graves and to pay homage to Youngsville's benefactors John Currie and John Franklin White. A fine program was given and an address was given by the Rev. T. H. Johnson.

Members of Warren Commandery with delegations from Ridgeway, Oil City and Jamestown will attend services at Trinity Memorial church Sunday afternoon when the Rev. Pinkney Wroth will preach.

The Times-Mirror is in receipt of the first issue of the newspaper published for men in the CCC camps. It has been titled "Happy Days" and contains all the news of the various camps.

One of the most beautiful turp beds in this section is on the Pennsylvanian property where over 1000 crocus blooms are now flowering. Hundreds are visiting the property to enjoy the flowers.

Men in the Heart's Content CCC camp are anxious to get hold of a second hand bath tub. Nope, you're wrong, they want it to wash dishes in.

## Lecture On Gas Warfare This Evening

At 7:30 this evening in the small  
courtroom of the court house, Lt.  
C. Victor VerMilyea, senior gas  
officer for the Warren County  
Defense Council, will deliver a  
lecture of chemical warfare agents  
that is an essential part of the  
OCD training program and should  
be heard by all defense units.

While this lecture is primarily  
for air raid wardens, all defense  
workers who have not heard it  
should plan to be present and all  
other persons interested are cordi-  
ally invited.

The Warren board of education  
has granted permission for the  
use of Russell Field for erection of  
a special gas chamber to be used  
by officials in conjunction with the  
chemical warfare training pro-  
gram.

The first test of the new gas  
chamber will be on Friday even-  
ing, beginning at seven o'clock,  
when members of the decontamur-  
ation squad, public works person-  
nel and laundry corps will be priv-  
ileged to pass through the special  
chamber and experience an actual  
gas presence.

First to pass through the gas  
chamber will be those who  
have completed their first in-  
struction in gas mask training,  
covering proper fitting, use and  
care of gas masks. The experience  
is entirely voluntary on the part  
of trainees and is not compulsory  
for any of the defense units.

Wednesday evening of each  
week has been set aside for such  
tests by the officials cooperating  
in this program, to be continued  
until all defense workers have had  
gas mask instruction and all who  
wish have passed through the gas  
chamber.

All those visiting the field for  
this purpose are asked to use the  
Lexington avenue entrance.

## And now, the third white star comes to National Forge

Monday was another prideful day for National Forge. For our workers now have their third White Star—one of the very first manufacturers to be so honored by the Army-Navy Board of Production Awards.

The arrival of the third White Star means that National Forge has sustained a high record for excellence in production for another half-year period.

In fact, there has been no letup in these high-production standards since the win-  
ning of the first "E" at National Forge on October 24th, 1941... one of the very first  
"E" presentations in this country.

That was the Ordnance "E"... soon to be followed by the All-Navy "E" on April  
24th of last year and the famous Army-Navy "E" which was first unfurled at the  
company flagpole on the first anniversary of Pearl Harbor Day.

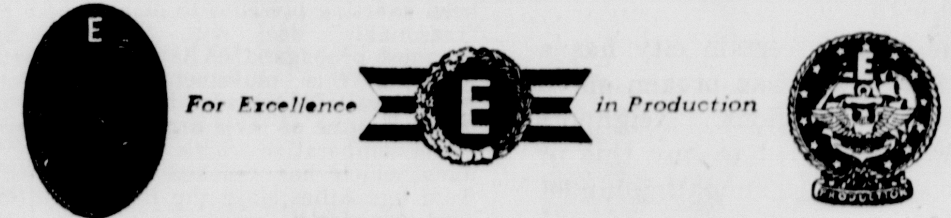

When the flag was raised, it already had two White Stars—awarded for sustained  
excellence in production on April 24th and October 24th of last year. The fact that  
the third White Star is now accorded to National Forge indicates that our efforts to  
aid the war program have continued with unabated strength, perseverance and  
productiveness.

We like to feel at National Forge that we have established a record for winning  
such awards that will continue unbroken until this global war for freedom is finally  
ended. For the tasks that have been allotted to us call for the finest precision crafts-  
manship.

Consequently, the winning of three consecutive White Stars, as well as three "E"  
presentations, indicates more strongly than words that our men have their hearts, as  
well as their hands, in their work by day and by night. Theirs, assuredly, is the spirit  
to carry on, to turn out the work on which Victory so greatly depends, and to do honor  
not only to this company as a commercial organization but to the entire Warren  
County community in which they live.

## CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—  
Now her Backache is better

Many sufferers relieve nagging backache  
quickly, once they discover that the real  
cause of their trouble may be tired kidneys.  
The kidneys are Nature's chief way of tak-  
ing the excess acids and waste out of the  
blood. They help most people pass about 3  
pints a day.

When disorder of kidney function permits  
poisonous matter to remain in your blood, it  
may cause nagging backache, rheumatic pains,  
leg pains, loss of pep and energy, getting up  
at night, swelling, puffiness under the eyes,  
headaches and dizziness. Frequent or scanty  
passage with smarting and burning some-  
times shows there is something wrong with  
your kidneys or bladder.  
Don't wait! Ask your druggist for Doan's  
Pills, used successfully by millions for over  
40 years. They give happy relief and will help  
the 15 miles of kidney tubes flush out poison-  
ous waste from your blood. Get Doan's Pills.

### GARLAND

Garland, May 25 Mrs. A. H.  
Maiden has returned to Garland  
after spending the winter in Salis-  
bury. Mrs. Maiden has disposed  
of her Garland property and ex-  
pects to leave later to make her  
home in Salisbury, where her  
daughter, Mrs. McClure lives. Mr.  
McClure isn't in the best of health  
and has retired from business. Gar-  
land friends will be sorry to have  
Mrs. Maiden leave the community,  
as she has resided here for 30  
years and has made many friends.

A son was born recently to Mr.  
and Mrs. Francis Briggs, their first  
child.

Charles Seeley was in town on  
Sunday, calling on old friends. He  
is still living in Youngsville, but is  
working in Corry.

The heavy rainfall is proving a  
great handicap to farmers, who are  
finding it hard to get their crops in.

Norman Taylor was in Corry on  
Sunday.

Stanley Faydus, who is stationed  
with the U. S. Army in Louisiana,  
writes that they are harvesting  
their oats there and that the corn  
is shoulder high. The thermometer  
registers 94 degrees and he longs  
to be back in Pennsylvania. Stan-  
ley is now a sergeant and likes the  
army life.

William Bugbee, who has been  
employed in Buffalo, is at home for  
a short time, farming.

A car load of cattle from Ariz-  
ona arrived to pasture here, due  
to a drought there. They are find-  
ing green pasture on the Moore  
farm, formerly owned by the Mor-  
ris estate.

The Bristow family was in Mead-  
ville recently, attending the grad-  
uation activities of Allegheny Col-

lege, where Joan Bristow was a  
member of this year's class. The  
young lady is at present in Gar-  
land, where she is receiving the  
congratulations of her friends.

Miss Ellen Davis was hostess to  
the Willing Workers of the M. E.  
church at their recent meeting.

The Bristow sisters recently en-  
tertained the Women's Auxiliary  
of the Presbyterian church.

Miss Myrtle Norman and Miss

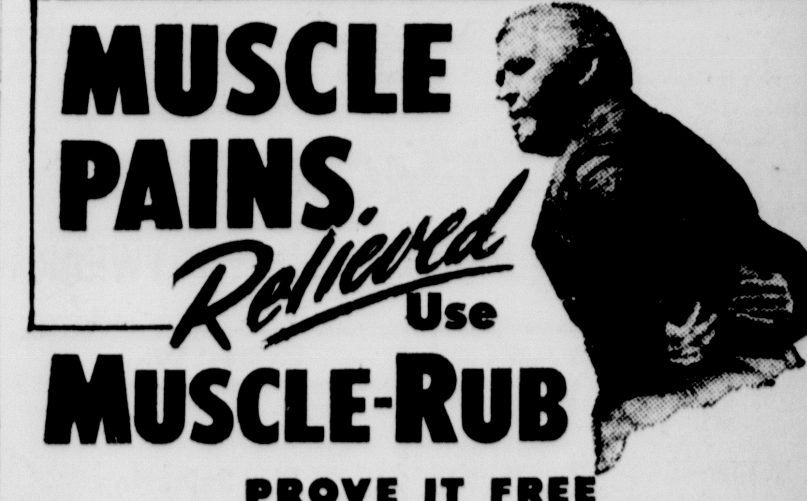

Emma Stuckey, of Akron, O., spent  
the weekend in this vicinity.

It is apple blossom time again in  
this beautiful valley.

Rev. Prout was in town on Fri-

### School Party Proves Successful Occasion

Young people of the high school banded and orchestra groups assembled in Betty school last evening for their first dinner-dance, the affair attracting an attendance of 125, which included ten special guests.

Following dinner, there was dancing in the gym and games in the library for those who did not dance. So successful was the entire affair that it will likely be continued as an annual custom.

A feature of the informal dinner program was a happy surprise for Director Harry Summers, when the students presented him with a gift War Bond.

In charge of general arrangements were Muriel Ryberg, Marion Kridler and Nancy Christie, assisted by able committees.

## HIGHWAY TO HER HEART

Chapter 20  
HAVING made this magnificent proposition, Bert Stringer let Penny think it over. He proceeded to finish his breakfast. To all appearances, he'd forgotten her presence. But Penny knew that, should she make the slightest movement toward the door, he'd be on his feet instantly, gun in hand.

She sat there despising him as she'd never despised anyone before. Trying desperately to keep that hatred from showing on her face.

Bert Stringer not only intended to offer "usable" Alcan films to country representatives, but he had the additional frontentry to believe her brother might accept money from such sources.

Wiping his mouth with the back of his hand, Stringer pushed back his chair.

"We'd better be getting along," he said.

"Where to?" asked Penny.

"Fort St. John."

He'd gone in the canoe with Marie. She wished he hadn't. His frisky, affectionate company would have been some comfort to her. But then, it was probably better for the little malemate. Bert Stringer who'd mistreat a dog who got in his way.

Every step, Penny thought miserably, was taking her farther from Cleve. She wondered how he was getting on, prayed he was recovering. What would he think of Marie's news—the false news that Stringer had provided her with, that Penny and Bill were reunited? Was there any chance at all that he wouldn't believe it? Not likely. How long would he wait at the Indian campment for her? Questions—questions. None of them with any answers.

Hunger was gnawing at her long before they stopped for lunch. Sitting on a sun-warmed boulder in a clearing, with Bert Stringer's eyes on her, Penny ate the cold grub ravenously.

"You're not so fussy about sharing a meal with me now," he noted approvingly.

"No," said Penny.

"Maybe you've been thinking things over some."

"You know, that fellow you were traveling with wasn't so much."

Penny took a deep breath, and lied. "I was beginning to realize that."

Penny stretched her eyes wide, parted her lips appealingly.

"Could I?"

"You bet! You know, sweetheart, you've got something I like. I noticed it right from the first."

"I'm flattered," said Penny demurely.

He looked at her sharply. She kept her face smooth and innocent.

After a moment, his suspicion dwindled. He stood up and came over to her. Penny rose, too, and stepped back.

"Look," he said. "I'm not such a bad fellow. Like I told you, you could do worse."

Desperately, she held back the bitter laughter that bubbled up in her. She mustn't let him know what she really felt. She must play for time.

Physically, as they went on toward Fort St. John that afternoon, Penny felt fresher than on the arduous marches with Cleve. Mentally, she was almost exhausted, trying to think of some way out of a situation which was approaching a climax. How could she hold off Bert Stringer? How could she gain possession of those precious films.

ABSORBED in pondering the seriousness of her plight, Penny stumbled over a branch, and fell, ripping a hole in the knee of her breeches.

"You hurt!" asked Stringer, stopping.

"Just scratched some—enough to bleed. I'll get some antiseptic from my first aid kit."

"Handy thing to have on a trip," he said, watching her open it.

Penny fumbled among the contents. Bandages, aspirin, salve, adhesive tape, antiseptic... her fingers paused, fluttering, as they touched a small box, then hurried back over it. She drew out the most precious of her heart-beating treasures.

Yes, the first aid kit was a very handy thing to have on a trip! To be continued

## Dortmund Gets It---Where Next?

Here is the path of some 1000 British bombers from England to Dortmund, Germany, now a rubble-city reeling under the devastation of 2000 tons of blockbusters unloaded by the RAF in 60 minutes of flaming carnage. Destroyed electric and steel works and mines are part of the bomboody of the RAF's record raid.

## New Family Called Upon By The Police

In an inopportune moment somebody dusted off Warren's "Welcome" mat and left it on the door step as a family by the name of Young hied themselves from Kane's anti-hayfever aura and baggage in our fair city. In fact, they became one of the first families of Warren—as you drive in from the west. And last night they held open house. Just a family affair. Refreshments flowed and finally Papa Young attempted to lay hands on Mama Young.

Here one of the young Youngs intervened and massaged papa Young's caranium with a very hard hickory stake. There was a thud and blood flowed copiously. Finally the coppers arrived and gave Papa Young a ride to a doctor's office where a few clamps were applied and the flow of gore stopped. Then the coppers inserted Papa Young in one of their air conditioned cells for the remainder of the evening.

Police Magistrate Tracy Greenlund will handle the remainder of the action this morning. Just in case he wanted any of the background of the latest addition to Warren's proletariat, Chief of Police Nelson, of Kane, was interrogated by telephone. And what do you think? Yep, the Youngs have been in the public eye and city jug at Kane many times. Papa Young has a police record and one of the young Youngs has also mixed with the law. Chief Nelson would make a darned poor reference if the family wanted to break into society.

Anything can happen in police circles. The State Police had a call from Duquesne, near Pittsburgh, last night that two husky six footers had held up the Painters Dry Cleaning plant. They had an automobile and it bore license plates (or the informants said it did) No. 71D56. Now it happens that these numbers are on the black sedan of Mrs. Roy Heerman's, Poplar street. It was a grey sedan in which the hold-up man rode and evidently some excited person just couldn't see straight.

And the boys were out again last evening. This time they were playing on the roof of a tool shed at a new building in the West End. They were shooed off the roof and told to seek their trundle beds. Maybe they did.

### LUDLOW

Ludlow, May 24 — The annual Memorial Day exercises held under the direction of the James Usher Post of the American Legion will be held Sunday afternoon at 3 p. m. at the Ludlow cemetery. Rev. G. H. Palmer, of the Methodist church in Kane, will be the speaker. Music in keeping with the occasion will be furnished by the choir from the Moriah Lutheran church, and the school orchestra. In case of rain, the celebration will be held in the Odd Fellows hall. All residents of Ludlow, together with any guests they may have visiting them over the holiday are invited to be present.

Rev. Anthony Groves returned Friday from a seven months stay at St. Petersburg, Fla., and left on Saturday with his daughter, Mrs. G. W. Olmsted, for a short visit at Akron, Ohio.

Miss Clare Lorene Dippert, of Cleveland, O., was a recent visitor at the home of her sister-in-law, Mrs. Lawrence Dippert.

It was announced by Mrs. Sherman Mattison that fifteen hundred surgical dressings were completed during the week of May 17th to 21st. While the response of the Ludlow women to the plea for assistance from the local Red Cross committee was very gratifying, it is hoped that many more will report for duty this week. This work is of the utmost importance and too much stress can not be placed on the urgent need for workers. Anyone interested may report direct to the Red Cross rooms on any evening of the week except Sunday and Saturday, or

Just to conserve gasoline he drove up with his horse and buggy. A nice yellow and black buggy and a darned good horse. Of course, the speed was a little slower than Franklin is accustomed to but he got here just the same.

# Steamer Is Awarded To Russell Scouts

The first Emergency Service Training Troop steamer in Warren county has been awarded to the leaders of Troop No. 14 Russell according to C. Vance Weld, Emergency Service Field Commissioner. The steamer will be flown on the troop flag staff was presented to Scoutmaster T. M. Engle before an assembly of Scouts, Scouters and parents.

In meeting the requirements for the recognition the Scoutmaster has completed the Emergency Service training course presented by the Warren County Council, Boy Scouts of America. One older boy has completed all of the individual requirements and the troop is embracing the emergency service training program in their normal troop operation.

The certificate indicating membership in the Emergency Service Training corps was awarded to Raymond Briggs after he had completed all of the requirements as follows: a thorough physical examination, parents approval, run a mile in eight and a half minutes, climb an eighteen foot rope hand over hand in fifteen seconds, tied nine specified knots using a rope larger than one half inch in diameter and qualified for Merit Badges in first aid, pioneering, personal health, firemanship, public health, safety. As a part of the ceremony a head and shoulder photograph and his thumb prints were affixed to his Emergency Service Corps membership card which was then presented to him.

Scout Lawrence Werner was recognized as an Emergency Service Apprentice. A card was presented to him on the basis of his application which indicated that he is under fifteen years of age and had his parents approval, a medical examination and his agreement to complete the technical requirements for membership in the Emergency Service Corps prior to the time of his fifteenth birthday.

During the ceremonies the rank of Eagle Scout was bestowed upon Scout Walter Wheelock. Scout Wheelock and his parents were called before the assembly and Chester R. Seymour representing the Advancement Committee made the award and Mrs. Wheelock pinned the badge on her son.

## 17 to 14 Victory of Pirates Over Dodgers Is Highlight Of Games Played Wednesday

BY JUDSON BAILEY

Associated Press Sports Writer

Somebody must have sneaked a supply of the original balata (pronounced baloney by the players) under cover of darkness last night.

There were two games played in the daylight yesterday and in one the Pittsburgh Pirates punished the Brooklyn Dodgers 17-4. The two teams made a total of 28 hits. In the other the New York Giants beat the Chicago Cubs 4-2 and there were 22 hits.

But after the sun had set, look what happened:

Cincinnati nosed out the Phillies 1-0 and Washington whipped the St. Louis Browns by the same score. There wasn't a swat in either game longer than a single and the four teams together made a total of only 19 hits.

Another flood-lighted affair was an 11-inning scramble at St. Louis with the Boston Braves beating the Cardinals 4-3 and even though it included a couple of Cardinal home runs, it also was a pitching party.

then won the game in the 11th when Eddie Joost led off with a single and ultimately came home on a single by Rookie Charley Workman.

This boosted the surprising Braves within half a game of the second place St. Louis Redbirds.

In the two 1-0 games the winning pitchers were the hitting pitchers. At Cincinnati Bucky Walters and Charley Fuchs pitched magnificently and neither team scored till two were out in the last of the ninth.

At Washington the lone run of the game was counted in the sixth inning on three singles, the middle one by Dutch Leonard, who held the Browns to four one-base blows. The Senators made just five singles off John Niggeling and George Caster.

The day games were a striking contrast to these duels.

At Pittsburgh the Pirates scored 15 runs in the first three innings off Max Macon and Les Webber, getting five of their runs in the second and in the third from scoring nine times after two were out. Vince DiMaggio hit two home runs, one of them with one on and the other with two, and his teammates added an assortment of hits. But what really piled up the score was a series of walks by Webber, who issued nine bases on balls and forced six runs across the plate.

## Armstrong Is Planning For Belt At Title

BY SID FEDER

New York, May 27.—(P)—It is just a year now since Henry Armstrong started to prove to the folks that the only thing washed up about him was his laundry every Monday, so the hammer is having a little anniversary celebration around town for a couple of days before hitting the road again.

This is the road, incidentally, that started out as a comeback trail and which Henry now believes is a one-way street back to the lightweight championship.

The little buzzsaw has outlined a tentative schedule for the rest of the summer, beginning with his June 11 party with Sammy Angott here, fights with Willie Joyce in Los Angeles and Jim Garrison in Portland, and some warm-weather ball-park belting against Lightweight Champ Bob Montgomery in Philadelphia and Ray Robinson in Pa. Knickerbocker's village, although these last two are a couple of clout parties which are still in the "talk" stage.

After that, he expects the road may lead him back to the lightweight title—although "that won't come off until I can get a crack at the undisputed championship." At the moment, Montgomery owns part of the title while the National Boxing Association doesn't recognize anyone, but

wants Bob and Angott to fight it out. When all the shooting's over, Henry is going to start taking target practice on the survivor—and he has no idea of retiring.

## DAHLGREN'S NUMBER IS DEFINITELY UP

Philadelphia, May 27.—(P)—The Phillies learned today that Babe Dahlgren's draft number is definitely up.

Word went out to the club in Cincinnati that the hard-hitting shortstop has passed his preliminary physical examination and probably will be called for induction next month.

Dahlgren, who led the National League in batting until a few days ago, had one hit in three chances yesterday as the Phils lost to the Reds, 1-0, in the ninth.

## RETAINS TITLE

Long Beach, Calif., May 27.—(P)—Manuel Ortiz, world's bantamweight champion, retained his title last night by punching out a unanimous decision in 15 rounds over Joe Robieto of Pasadena, Calif. There were no knockdowns but Ortiz slipped to the floor three times and Robieto twice.

## BOOTS IS A BOOT

Parris Island, S. C., May 27.—(P)—Celcius Poffenberger, former Detroit and Brooklyn right-hander, is now pitching for the Marine Corps team at Parris Island, where he is in the boot camp.

Sixteen gallons of milk will produce enough "wool" for a suit of clothes.

## Sports Roundup

By HUGH FULLERTON, Jr.

New York, May 27.—(P)—The International League claims to have two of the youngest professional baseball players in captivity in

John Henry Moesch, Baltimore infielder who was 16 last December, and Walter Dyche, 17-year-old southpaw pitcher of Jersey City.

If they get any bad decisions, the fans can holler "cradle robber" at the umpire. Jim Lynch, Cornell's on-leave athletic director who has been building ships in the south, has been conferring with his successor, Bob Kane, for the past few days on what they can do about football. Scuttlebutt rumor at the Norfolk Naval Station is that Scott Rizzuto will be married next month to Cora Eschborn of Newark, N. J.

# Shoe Rationing Stamps Found In Catch Basin

The Warren police department this afternoon reported that a quantity of No. 17 stamps used in the purchase of shoes, had been found in the possession of some boys.

To prevent illegal use of stamps which may have been placed in circulation the local War Rationing Board calls the attention of merchants to the following rules governing the use of the stamps:

"The stamp must be torn out of the War Ration Book in the presence of the supplier or his employee, or a person making delivery for them, either when the shoes are ordered or when they are delivered. If the War Ration Stamp is removed in any other manner as at any other time it is void."

At the police department it was explained that the stamps were found by a boy in a catch basin in Prospect street. Not realizing their importance he distributed some to chums and later reported the incident to his mother, who in turn notified the police. The Rationing Board urges cooperation on the part of all merchants to prevent use of stamps contrary to regulations laid down by the federal government.

This is the treacherous trail to Tokyo down which American forces have started with their attack on Attu. Next potential targets are Japan-held Kiska, to clear enemy from Aleutians, and Paramushiro, base at northern tip of Kurile Islands. From there, the stepping stones to Tokyo are many.

## Local Parish Much Interested In Coming Diocesan Meeting

Representatives of Trinity Memorial Episcopal church parish are expected to take an important part in the annual diocesan convention June 15 and 16 at Oil City when a new bishop will be named to succeed Bishop John Chamberlain Ward, who has announced his retirement as of June 15, after 22 years' service.

Delegates will be chosen at parish meetings the first week in June. All clergymen in the diocese will attend the convention and each church is entitled to one lay delegate-at-large and an additional lay delegate for each 100 communicants.

Preoccupation with war work probably will limit the attendance to about 150.

The new bishop may be chosen from clergymen of the diocese or from outside. No minister has been outstandingly mentioned for the bishopric. It is expected there will be a number of nominations.

Plans have been made for no special ceremony marking Bishop Ward's retirement. He said he will visit for a time at Belmont, N. Y., where he lived as a boy.

After graduating from Harvard College and the General Theological Seminary at New York City, he was rector of two churches at Buffalo, N. Y., St. Stephen's from 1899 to 1902 and Grace church from the latter date until he was elected Erie Bishop in 1921.

He served as a U. S. army chaplain on the Mexican border in 1916 and in the World War. Wounded in action, he was honorably discharged with the rank of captain in March, 1918. His service won him the U. S. Distinguished Service Cross and the British military cross.

He was a delegate to the Lambeth conference of the Episcopal church in England in 1930.
